2. No excessive noise or disturbances are permitted at any time. Generators are prohibited.
3. No excavations, alterations, additions, or modifications to CA property are permitted. Any costs incurred to repair/remove are at the expense of the person responsible.
4. No person shall start or maintain a fire in the CA except in a location designated by the Superintendent/Designate. Fires are not permitted in the Day Use area.

Permits & Vehicles

- 10. All vehicles must present a valid permit (e.g., swipe card, Day Use receipt, season pass permit, camping permit or additional vehicle permit). Altered or improper use will void the permit. The permit owner is responsible for all associated costs for lost, stolen, or seized permits. A season Day Use pass must be in an area visible to staff. Failure to present a valid permit will result in a non-refundable vehicle Day Use admission charge. Access to the CA will be denied if the fee is not paid.
11. E-bikes are permitted on CA roadways only. Helmets are mandatory. Use of e-bikes is prohibited on any CA trail system. All other power assisted low speed vehicles are not permitted. Off-road vehicles are prohibited. Pedal assist bicycles are permitted on the trail system.
12. Helmets are mandatory when bicycling the trails and for children under the age of 16 on all CA lands.
13. All CA visitors are to park in designated parking areas and must enter/exit the property at designated areas.
14. Day Use visitors are admitted from dawn until dusk and must vacate the property by

dusk. CA hours may be restricted as necessary.

15. Large recreational equipment (e.g., trampolines, personal playground equipment) is not allowed on site.
16. Items placed in or around garbage/recycling bins or left on vacated campsites become the property of the UTRCA and removal of these items is prohibited.
17. Only bagged household garbage and recycling is accepted. No metal, construction materials, oversized items, electronics, fire pit ash, appliances etc. can be dumped or put inside the garbage bins.

Environment & Conservation

18. Visitors will make every effort to conserve energy.
19. Tap water shall be conserved to assist with water supply. Further watering restrictions may apply.

Watercraft

20. Watercraft permits are not transferable. All power-driven watercraft, sailboats, and watercraft with a transom require a permit in the form of a motorboat/sailboat season pass (affixed to the watercraft) or Day Use receipt. Non-power-driven watercraft, such as canoes, kayaks, SUPs, and pedal boats do not require a permit. All watercraft must be Transport Canada approved.
21. At Fanshawe CA only: Maximum 10 hp motors permitted only. Watercraft with motors larger than 10 hp are not permitted. Watercraft with motors larger than 10 hp and smaller side motors of 10 hp are not permitted.
22. Personal wet docks are not permitted. Watercraft operators must tie off or moor all watercraft in designated areas. Wet/dry dock rentals are available at Wildwood CA only. One watercraft is permitted per docking slip. All seasonal permits must be

affixed to the hull and visible at all times including when tarped.

23. All docks must be kept clear of obstructions at all times. Wet dock permit holders are not to affix or attach any item or device to the dock or slip without permission of the Superintendent/Designate. Watercraft size may be restricted if it may pose a risk to dock users or other watercraft, at the discretion of the Superintendent/Designate.
24. No personal watercraft permitted on CA lands or reservoirs at any time (e.g., Jet Ski, Seadoo, Jet Board, etc.).
